We understand switching banks can be overwhelming- this checklist is here to make the transition simple and hassle-free

1) Open a bank account with Heartland Bank

Your new account information:

Routing Number: 073915889

Account Number: _____

We have temporary debit cards on site so you can walk out of the branch with a ready to activate debit card!

2) Update your Automatic Payments and Deposits

Changing payment information can usually be done online or via phone. We recommend taking your current bank statement and making a list of your automatic transactions in and out of your account! To make this easier, on the following page you will find a general list of common automatic deposits and payments to help you keep track of what has been switched!

3) Download our Heartland Bank App to Monitor your new account!

Apple IOS

Google Play

4) Close your old account!
